5. Scenario-Based Reflection Question

Scenario: A School Wants to Become Greener

Your school wants to reduce energy use and plastic waste. Some students support the idea, but others think it is too much work.

Questions

- Which EU challenge is connected to this situation?
- Which EU values could help students work together?
- What could students do at the individual level?
- What could the school community do together?
- How does this example show active citizenship?
